CONTRACTOR MUST HAVE WORK PERMIT ON FILE WITH OUR OFFICE. IT IS THE CONTRACTOR'S RESPONSIBILITY TO ENSURE A FENCE PERMIT HAS BEEN ISSUED PRIOR TO THE START OF CONSTRUCTION. FEE: \$25.00.

This application requires a **STAKED PLAT OF SURVEY** showing the proposed location of the fence in relationship to lot lines and existing permanent improvements.

NO FENCE shall be build, constructed, or erected so as to extend past the front yard building line as established by the Zoning Ordinance, nor shall any fence be built past the side street yard line on a corner lot as established by the Zoning Ordinance.

A POST-HOLE INSPECTION IS REQUIRED FOR ALL FENCING. All privacy fencing must be at a depth of 42" (INCHES) or greater. All chain link fencing must be at a minimum depth of 24" (INCHES).

The maximum height in a residential use district shall be six (6) feet between building and rear yard behind building. The maximum height in a commercial use district shall be seven (7) feet and in an industrial use district shall be eight (8) feet.

In addition, all PRIVACY FENCES require the approval of the Mayor and City Council **prior to installation**. A letter must be directed to the Mayor and City Council, indicating why you are requesting permission to install a privacy fence. The Mayor and City Council meet on the second (2nd) and fourth (4th) Thursday of each month.

All permanently constructed swimming pools shall be protected by a fence enclosure as required for residential use, with a height of at least five (5) feet and shall be equipped with a self-closing gate and a latch four and one half (4-1/2) feet over grade. A pool permit is required from the Inspectional Services Department and the construction of said pool shall conform to the code of Calumet City. All temporary, portable, sectional construction above ground or non-permanent pools shall be protected by a fence enclosure required for residential use of a height of not less than three and one half (3-1/2) nor more than six (6) feet and shall be equipped with a self-latching gate.
