City of Calumet City
204 Pulaski Road
Calumet City, IL. 60409

Attention: Mr. Jerry Suruska
Superintendent of Water

Re: 2016 Water Rates

Dear Valued Customer:

As you may already know, recently Chicago City Council approved Mayor Rahm Emanuel's recommendation to appoint me as Commissioner of the Chicago Department of Water Management. I have been with the Department since 2004 and have served in three leadership roles within this department under four commissioners; Bureau of Administration; Bureau of Operations and Distribution and then as First Deputy Commissioner. In these roles I have overseen the fine men and women that represent this department.

I am happy to report that this year the City of Chicago Department of Water Management will not be increasing the water rates. A review of the ordinance and the Consumer Price Index demonstrates that no increase is warranted. We have accomplished much since 2012, and I look forward to continuing to deliver the best possible services to all of our customers.

Should you or your municipality have questions or concerns on water issues I am available to meet with you in person. I look forward to continuing the longstanding relationship between your water system and the Chicago Water System. Please don't hesitate to reach out to me or my staff.

Sincerely,

Barrett B. Murphy

City Attorney - statement

City Attorney Odelson: "The trend in the last number of years is to ask its citizens if they would like to pass a term limits. Passage of a question of this nature allows the citizens and the voters to change their form of government and limit the number of terms an elected official can serve.

For instance, right next door in Lansing, they have had term limits for a good number of years. Other municipalities, as recently as last election, Country Club Hills and Tinley Park have passed a term limits.

This would mean, someone like the current Mayor, if this passed, the Mayor would be only able to run one more time and then she would be term limit out.

This is a ballot initiative that the people get to vote on it. If the people vote it down, it doesn't go into place. If they vote for it, it goes into place effective for the April 4, 2017 election and thereafter.

It doesn't impact any other office, such as the City Clerk, City Treasurer or Aldermen. Only the office of Mayor."

Alderman Jones: "In the language, correct."

City Attorney Odelson: "The years that aldermen serve are computed in the term limits and language.

For instance, if an aldermen have served 4 or more consecutive terms, they would not be able to run for a 5th elected term as Mayor. They could run for aldermen."

Alderman Jones: "Could you explain why there is no alternative in this city agenda. Or why the City Clerk or all city wide offices are not included in this ordinance before us tonight."

City Attorney Odelson: "Calumet City, which is a strong Mayor, City Council form of government without a Manager or an Administrator. The power in the office of Mayor is more so then any other communities. They have a manager form of government or city administrator form of government or a strong council form of government.

The aldermen and the mayor hold the power to hire, fire, set salaries. All powers given by the state statute. The clerk and the city treasurer function according to the duties given them by the state statutes and by the ordinances.

They have no legislative or executive functions, therefore their powers are limited to what is given them by the General Assembly or the ordinances themselves.

They function as decision makers within their own department and don't have any authority to budget pass ordinances, veto ordinances. The real powers behind elected officials."

Alderman Jones: “Where I support submitting question to the voters. This ordinance is strictly reactionary to whatever is happening in our community.

I will implore my colleagues not to give the Mayor the opportunity to have a free pass at another term in office. That is what this ordinance, if you vote yes will do. I will be voting no on this ordinance. That is all.”

Alderman Manousopoulos; “I believe when Lansing, I think it was a couple elections ago. They put a referendum to lift term limits and I believe it was voted down. If I am not mistaken.”

City Attorney Odelson: “That is correct. I don’t know of another municipality that has lifted term limits once they have it. The trend now is to install term limits. This will not limit the citizens in Calumet City from running for Mayor, if they haven’t served 4 full terms.”
