**Re: Proposed Retention Agreement**

Dear Mayor Qualkinbush:

On behalf of Edelson PC (“EPC”) and Odelson & Sterk, Ltd., thank you for considering our firms to represent the Calumet City (“City”) with respect to its recovery efforts against the opioid manufacturers, distributors, and other related parties, whether through litigation, regulatory changes, or legislative efforts (the “Opioid Matter”). This letter details the scope of our representation of the City, as well as the method of compensation for such representation. By signing this retention agreement, you will have retained the law firms of Edelson PC and Odelson & Sterk, Ltd., as well as such attorneys as may work with us to represent you in the aforementioned matter.

1. Client; Scope of Representation

EPC will represent the City in its investigation into, and the potential litigation of, the Opioid Matter. The representation shall also include, as needed, providing advice to the City, City Board and other City governmental entities with respect to such investigation and litigation.

2. Opinions

Any beliefs or opinions that we express about the City’s claims, various courses of action, or anticipated results are only our best professional estimates. They are necessarily limited by our knowledge of the relevant facts at the time the opinions are expressed and the law then in effect. Nothing in EPC’s engagement with the City should be construed as a promise or guarantee of any particular outcome.

3. Compensation

If we do file suit on behalf of the City, we will represent you on a contingent fee basis. The City shall have no obligation to pay EPC attorneys’ fees or expenses unless the City achieves a recovery, settlement, and/or judgment in the Opioid Matter. In the event that the City achieves a recovery, settlement, or judgment in the Opioid Matter, the City agrees that Edelson PC will be entitled to recover attorneys’ fees according to the following schedule:

- 23% of the net recovery if the matter is resolved pre-complaint.

Chicago | San Francisco

## Edelson PC

- 28% of the net recovery if the matter is resolved after the complaint is filed but before summary judgment briefing is completed in either the City's lawsuit or in any related consolidated proceeding (e.g., federal MDL).
- 32% of the net recovery if the matter is resolved after summary judgment briefing is completed in either the City's lawsuit or in any related consolidated proceeding (e.g., federal MDL).

These calculations shall apply if the City achieves any recovery, settlement, and/or judgment in the Opioid Matter in any form of proceeding or process. It is also understood that for its role, Odelson & Sterk, Ltd. will receive as reasonable attorney fees an amount equal to thirty percent (30%) out of (and not in addition to) the net attorneys' fees recovered by EPC on account of the City's claims. You also agree, that to the extent there is a recovery, that you will reimburse EPC all reasonable costs.<sup>1</sup> If the City does not achieve any recovery, the City will not be responsible for any costs or attorneys' fees. In no event will EPC's attorneys' fees and costs exceed any total recovery by the City in this action.

#### 4. Staffing

Although EPC reserves the right to staff all matters as we see fit, we intend to assign at least the following attorneys to this matter: Jay Edelson, Eve-Lynn Rapp, Rafey Balabanian, Benjamin Richman, Ari Scharg, David Mindell, and Alfred K. Murray II. Additionally, from Odelson & Sterk, Ltd., Michael Stillman will participate. You understand that we may determine to associate with other attorneys to more efficiently and effectively represent the City in this matter and that we may share a percentage of any attorneys' fees awarded and/or costs and expenses reimbursed with such attorneys. Prior to doing so, we will inform the City of the same.

#### 5. Confidentiality and Evidence Preservation

Should litigation in this matter ensue, the City understands that it may have to produce evidence to support its claims. We understand that the City may object to the opposing party's unchecked access to its information. We will vigorously oppose the production of any irrelevant information and seek protective orders that limit any defendant's access to any evidence that contains confidential information (including attorney-client communications). All information, documents, records, reports, data or other materials furnished by the City to EPC or other such information, documents, records, data or other materials to which EPC has access during the course of rendering services pursuant to this retention agreement that are deemed confidential shall be treated as such and shall remain the property of the City. EPC shall not make oral or

EPC will seek the City's prior approval for any costs that exceed five thousand US dollars (\$5,000). Finally, we do not charge clients for in-house copying, long distance telephone calls, or in-service Westlaw/LEXIS charges.

written disclosure of any confidential information (other than as necessary for its performance under this retention agreement) without the prior written approval of the City.

Please be reminded that in order to protect the confidentiality of both the City's communications with us and our advice to the City under the attorney-client privilege, it is important that the City not divulge sensitive information to anyone who is not within the protection of the privilege.

Please also understand that the City has an obligation to preserve evidence, including electronic evidence such as its electronic communications with third parties. The City must preserve evidence that common sense would dictate is relevant to the claims and defenses in question. We should communicate prior to the City destroying or disposing of any evidence that might be relevant to the matter. The City should also suspend any routine document destruction policies that it has in place and refrain from implementing new document destruction policies while the matter is ongoing.

6. Term of Engagement

EPC will endeavor to represent the City promptly and efficiently, and we anticipate a mutually satisfactory relationship. The City, however, has the right to terminate EPC's services upon written notice at any time. EPC also has the right to terminate its services upon written notice, if it discovers that the City has misrepresented or failed to disclose material facts to us, if it fails to cooperate with a reasonable request, or in the event EPC determines, in its sole discretion, that continuing services on behalf of the City would create a conflict of interest or be illegal, unethical, impractical, improper or otherwise inappropriate. Following such termination, any otherwise non-public information the City has supplied to EPC that is retained by us will be kept confidential in accordance with applicable rules of professional responsibility or returned to the City as the parties hereto may agree in writing.

7. Conflict

EPC may represent other governmental entities (which could include municipalities, counties, and states) and private parties (which could include unions and self-insured companies) in opioid related litigation. While each matter will be brought as a separate suit or through separate claims, EPC will be seeking the maximum amount for each client from a finite pool of money. In the event of global or aggregate settlement discussions, you will be informed of all material terms of any such settlement, including what other EPC clients will receive if the settlement is accepted. In the unlikely event that any actual or potential conflicts do later emerge about the division of such monies or other conflicts, EPC will, at its own cost, bring in independent attorneys to represent each parties' interests.

8. Binding Nature of Agreement; Choice of Law; Lien and Termination

This retention agreement is meant to bind and benefit the heirs and successors of each of the parties to this agreement.

**Edelson PC**

This retention agreement shall be construed in accordance with the laws of the state of Illinois, without regard to rules governing conflicts of law.

The City hereby grants EPC a lien on any claims, causes of action, or recovery that it obtains, whether through settlement, judgment or otherwise, relating to the Opioid Matter. In the event that either party terminates this retention agreement, EPC will be entitled to enforce the lien against any net recovery ultimately obtained by the City related to the Opioid Matter, according to the following schedule:

- A lien on 10% of the net recovery vests upon execution of this agreement.
- An additional 5% vests upon the filing of the complaint.
- An additional 5% vests upon the completion of pleadings motions in this suit or in any related consolidated proceeding.
- An additional 5% percent vests upon the completion of summary judgment briefing in this suit or in any related consolidated proceeding.

If you have any questions about the terms of this retention agreement, please do not hesitate to contact me. We look forward to working with you on this matter.

Sincerely,

EDELSON PC

Dear Mayor and Members of the City Council:

Please be advised that a Petition was filed by Tom Miller, petitioner and property owner for 95 Paxton Avenue, Calumet City, IL, 60409, requesting a zoning classification change from R3 (Multiple-Family Residential) to Special Use. This concludes the function of the Zoning Board of Appeals.

FINDING OF FACT AND RECOMMENDATIONS

Having deliberated and considered all the evidence on record, in the matter of granting a Zoning Classification Change from R3 Residential to Special Use for the property located at 95 Paxton Avenue, Calumet City, Illinois, the Zoning Board of Appeals finds as follows:

That the granting of a zoning classification change will not impede the normal and orderly development and improvement of surrounding property for uses permitted in the district;

That the circumstances are not of the applicant's making;

That the granting of a zoning classification change mitigates unusual site conditions in that the property in question is presently a two family residential building with commercial space on the ground floor and not a multiple-family residential building;

That the granting of a zoning classification change would not reduce property values of the surrounding neighborhood;

That the property in question is not incongruous with the existing uses of property within the general area;

That the description of the property reflects a Special Use zoning classification rather than the current R3 Residential zoning classification;

That the granting of a zoning classification change is consistent with the spirit and intent of the Calumet City Zoning Ordinances;

That without the granting of a zoning classification change, the petitioner would experience hardship should he ever deem to sell the property;

That without the granting of a zoning classification change, the petitioner would experience hardship in attempting to open a hair salon in the ground floor commercial space;

That with the granting of a zoning classification change, the property shall in all other respects conform to the applicable regulations of the rezoning, except as such regulations may in each instance be modified by the City Council pursuant to the recommendations of the Zoning Board of Appeals;

THEREFORE, recognizing that the granting of a zoning classification change from R3 (Multiple-Family Residential) to Special Use for the property located at 95 Paxton Avenue, Calumet City, Illinois, would not traditionally affect the public interest in an untoward manner, the Board finds that the petitioner has submitted sufficient evidence favoring the granting of a zoning classification change.

Having determined that the granting of a zoning classification change from R3 Residential to Special Use is appropriate and the Findings of Fact and the evidence presented support the petition, the Board voted in open session with seven (7) ayes, zero (0) nays and zero (0) members absent. The Zoning Board of Appeals hereby recommends to the Mayor and City Council, that a zoning classification change from R3 Residential to Special Use be granted for the property located at 95 Paxton Avenue, Calumet City, Illinois, this 27<sup>th</sup> day of August, 2018.
