Discuss the replacement of the main and back up repeaters for 800 PD Radio band, replace with GTR8000's from Motorola Solutions to be installed by Chicago Communications in the amount of \$25,930.71 and have treasurer remit payment.

Celmer discussed that the repeaters and radios at the PD were failing at the station and were causing issues with copying of radio transmissions, this is an officer safety issue. Wanted to get this approved and ordered due to the equipment ordered for the radios at 166/Lincoln is six months out on back order.

The board wanted to ask if needed to pay Motorola \$24,930.71 and then Chicago Communications \$1,885.71 for the installation. Celmer advised would ask Chicago Communications.
