Agreement/Meat by Linz

Alderman Schneider: "On ordinance #1, at the last committee meeting we discussed the fact that the building in question houses public works employee and a mechanical garage. I don't know if we have received the report on what the status of the current public works is going to be.

It also stores all the city's emergency sand bags that we are required to hold for the flood program. It also stores thousand of retention of documents. We had stated at the last meeting there was going to be some type of agreement of what happens with these items in the interim.

Just reading thru the contract it doesn't seem like that has been addressed formally.

Mayor Michelle Markiewicz Qualkinbush: "As it relates to the content of the building which is the Sewer Department. It currently holds all those items. We have a back up plan if we are not able to permanently find a home for some of these.

We have had discussions with Calumet City Plumbing who is moving to their location in the 6th Ward. We are able to use some storage space in his building for the items that you mentioned should we not be able address them a permanent home before the city would convey that property to Linz Meats for the expansion.

Agreement/Meat by Linz

I believe he stated he needed it by October. We have a few months to figure that out. We have talked to the owner of Calumet City Plumbing who has graciously agreed to work with us to allow storage of items that should it be become necessary.”

Alderman Schneider: “We have nothing in writing, once the title transfers in 30 days.”

Mayor Michelle Markiewicz Qualkinbush: “You are saying because the contract says 30 days. I would say then if it is not clear in there that we amend the agreement to state that.

I think when we spoke at the meeting, he said he needed by October. We said the city would like to have a few months to do that. We certainly can add language in there, correct City Attorney, which would state conveyance of the property would not occur until October.

It is approving the agreement, but the city hasn’t closed on the property. If you would like to amend that ordinance just to include language that the property will be conveyed by October. I believe that will give the city sufficient time to figure out the content of the building.

Amend Ordinance #4

Alderman Schneider moved, seconded by Alderman Manousopoulos, to amend Ordinance #4 to include the property will not be conveyed until the latest October, but prior to that once the city determines where the contents of the building be located.
