Residents are encouraged to turn in unwanted or expired medications for safe and proper disposal at the Calumet City Police Department. The service is free and anonymous. This initiative addresses a vital public safety and public health issue. Many Americans are not aware that linger in home cabinets are highly susceptible to misuse and abuse. Rates of prescription drug abuse in the United States are increasing in alarming rates as the number of accidental poisoning and overdoses due to these drugs.

Studies show a majority of abuse prescription drugs are obtained from family and friends including home medicine cabinets. Many Americans don't know how to properly dispose of their unused medicine often flushing them down the toilets or throwing them away both potential safety and health hazards.

In addition, this week is National 911 Dispatcher Week. We would like time to recognize all of our hard working police and fire dispatchers and thank them for the hard work that they do for our town."
