Signature of Applicant: _____ Date: _____

Please note permits will not be issued separately. All applications must be completed before permit is issued.

Permit Fee: _____ Inspection: _____ Total: _____

IMPORTANT

PLEASE READ CAREFULLY

1. Permit applications, required drawings, and specifications should be filed in the City Building Department Office for approval for the Building Commissioner.
2. Work authorized by a start permit shall be started within 6 months and completed within 24 months.
3. Permits must be publicly displayed during construction period.
4. For the construction of a new building (except private garages) the applicant must furnish a set of plans signed and sealed by an architect licensed to practice in the State of Illinois showing the foundation plan, the floor plan, the section (showing footing, foundations, floor, wall, ceiling, and roof construction), and the site plan showing location of building or buildings property. It is the responsibility of the contractor to submit a second to the City Engineer.
5. For the construction of a private garage, a grade setting from the city engineer and a plat of survey showing location of the garage with reference to the property lines and main buildings must be filed.
6. For additions to existing buildings and porch enclosures, plans or sketches must be furnished showing the same information required for new buildings.
7. The Building Commissioner must be notified when footing forms and/ or wall forms are placed ready for concrete. A twenty-four-hour notice should be given by contacting the Department of Inspectional Services each time concrete is to be poured.
8. No new building structure or portion thereof shall be used or occupied until an occupancy permit.

THE FOLLOWING LIST OF SUB CONTRACTORS MUST BE COMPLETED BEFORE PERMIT IS ISSUED. ALL TRADES MUST COMPLETE A PERMIT APPLICATION.
