Q & A

10. Confirmation of any street cans
[Approximately 10% street/curbside pick-up; 90% alley pick-up](#)
11. How many times was the 'Emergency Services' provision enacted in '25 and YTD '26?
[Currently, the City handles Emergency Service pick-ups](#)
12. Please confirm whether the City currently receives any recycling collection services.
[The city does not provide recycling. However, at Public Works, we do have one single cubic yard tote for recycling that is accessible to residents.](#)
13. What are the current scheduled collection day(s) for residential waste service? Would the City consider allowing service to be provided on multiple collection days per week if operationally beneficial?
[Refer to the provided link on the RFP page of the City website: Calumet City Garbage Days](#)
14. Could you please provide a map of the service area? Additionally, are there any locations that require collection from alleys or other areas with limited vehicle access?
[Refer to the provided link on the RFP page of the City website: Calumet City Map Gallery.
Collection from both curbside and alleys.](#)
15. The RFP references the provision of one (1) container and weekly collection of waste from municipal facilities. Could you please provide:
- A list of all municipal facilities included in this requirement.
 - The current container size and type at each location.
 - The current service frequency for each facility.
- [Please refer to the RFP ADDENDUM posted on the RFP page of the City website](#)
16. Please provide historical annual tonnage reports for the municipal trash, yard waste and roll-off containers referenced in the RFP, ideally for the past three years if available.
- [2025 Tonnage:](#) [2 Residential Trash: 13,280.82 tons](#)
[Residential Yard Waste: 564.44 tons](#)
[Roll-Off Boxes: 1,919.67 tons](#)
- [2024 Tonnage:](#) [Residential Trash: 13,430.39 tons](#)
[Residential Yard Waste: 620.12 tons](#)
[Roll-Off Boxes: 1,878.28 tons](#)
17. For the two-, three-, and four-unit residential dwellings included in the service area, do residents currently utilize 96-gallon carts, or are other container sizes/types being serviced? [All units are provided with 95-gallon containers.](#)
